PASHA PMIC-20 microphone unit has been designed to make announcement in general sound systems. Its fundamental function is to make clear and good quality of announcement by stopping the music broadcast in selected zones. It is produced as in the shape of swan-neck and in push&talk mode to avoid the users leave it open. You can set the announcement sound level via the button on the microphone and send pre-announcement warning via ding-dong bell.

PASHA PMIC20 has been designed to be used in hotels, residents, hospitals, shopping malls, private and public schools, universities, prisons, court buildings, chain stores, factories, industrial facilities, mosques, praying halls, restaurants, cafes and many other application areas.

## TECHNICAL SPECIFICATIONS

Supply Voltage	With 24V DC Regulated or Without 33V DC Leveling
Remote Control Unit	20-40 Personal Control, 1 Compound Control (All & Stop)
Output Level	1,5 Vrms
Frequency Range	80Hz - 15kHz
Sensibility	4mVrms
Harmonic Distortion	Less from %0,1
Relative Humidity	%85
Operating Temperature	-10°C ~ 50°C
Storage Temperature	-30°C ~ 70°C
Dimensions	360 x 50 x 200mm (Except Microphone)
Weight	1,7 Kg.
